Success in Delivering Customer

THE BENEFIT OF ATA

Reduce deadline anxiety with 24-hour productivity.

Reduce expenses by hiring Ata at a reduced monthly rate with no overhead expenses to grow.

Utilize outstanding internal quality control and conformity to your standards to generate deliverables of superior quality.

With a committed production team, devote more time to business development and securing new projects.

Our Team Is the First to Deliver Value:

From hiring professionals with engineering degrees from recognized universities to making sure every designer is certified in AutoCAD and REVIT and educating our staff on US standards and laws, our technical expertise continuously surpasses client expectations. We are also aware of how crucial communication is when working together under pressure. By employing people with outstanding communication skills in English and offering continuous training from a committed in-house English tutor, we make an investment in the professional growth of our staff.

3RD PARTY QC

Share a complete or interim set of documents from all trades, and ATA's quality assurance team will carry out a detailed review using a comprehensive checklist. The QC team will then provide a marked-up PDF along with a comment spreadsheet for your design team to review and update accordingly.

HOW WE WORK

- 1** Send us your CD set at any phase
- 2** Our team uses a detailed checklist to verify CD
- 3** Your construction project goes smoother with less RFI delays & E/O costs
